The Problem

In Europe, 60% of 255 million vehicles lack comprehensive insurance coverage, leaving owners to navigate complex repair processes alone:

- 1

Navigating the Maze
Finding shops, filing paperwork, negotiating costs - the complex bureaucracy can be dizzying.
- 2

Sticker Shock
With no transparency in pricing, unexpected repair costs can leave you reeling.
- 3

Fragmented Chaos
Juggling different services and platforms for all your automotive needs is a headache.
- 4

Time Suck
Endless paperwork and waiting around for repairs robs you of precious time.

Our Solution

MotorsAgent provides a user-friendly mobile platform that simplifies vehicle management when insurance doesn't cover:

- 1

Damage Diagnosis on Demand
Snap a photo and let our AI instantly assess the repair needs and costs.
- 2

Trusted Mechanics, Transparent Pricing
Discover vetted workshops in your area with upfront, competitive pricing.
- 3

Parts at Your Fingertips
We'll source the exact parts you need and deliver them straight to your mechanic.
- 4

Your Digital Repair Wingman
Our AI assistant guides you through every step, answering questions along the way.

Market Opportunity

- TAM:** 153M cars across Europe lacking comprehensive insurance
- SAM:** 45M cars in Germany, Poland, and selected EU countries
- SOM:** Goal to reach 5M cars/users within five years, starting with 1M in Poland

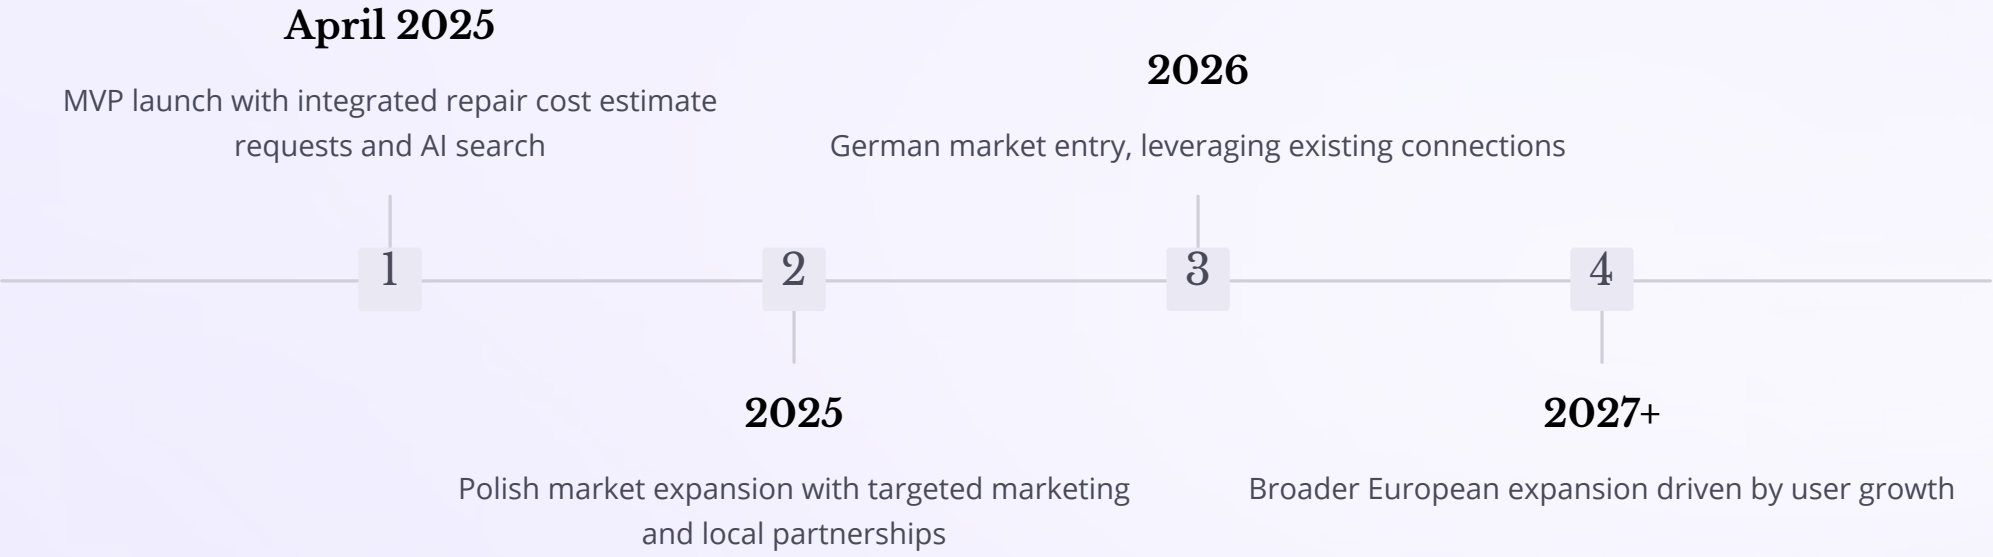

Business Model

- Free for vehicle owners** - Complete access to all features
- Multi-revenue streams** - Marketplace commissions from service providers and suppliers
- Workshop network** - Tiered commission structure for service providers

Competitive Edge

Unlike single-service competitors (YourMechanic, FIXD, RepairPal), MotorsAgent offers a comprehensive solution that integrates all vehicle support services in one platform.
